Reusable shopping bags

Rebags was founded to develop and provide integrated solutions of launching, integrating and spreading branded ECO FRIENDLY shopping bags

Backed by a close-knit team of enthusiastic and knowledgeable professionals, we are a group of eco-friendly 'Bag for Life' devotees, committed to sourcing the latest sustainable materials and honing print techniques so that we can help you to design the perfect custom-made branded bag.

Rebags in nowadays is rightly proud of it's growing reputation as a leading wholesale provider of high quality ethically sourced reusable bags.

- Superb print quality on all sides, with mat or glossy lamination
- Long, short or double handle
- Optional Extra : closure with Velcro-Snap-Zipper etc, bottle case, hard bottom base, etc.
- Optional manufactured by blending primary and recycled raw material.

Reusable shopping bags

“Excellent print quality”

The ideal laminated surface for top quality photorealistic prints. The favorite of premium brands and not only, for the ideal combination of durability and brand's signature luxury. Made of recyclable polypropylene (PP)

- ➡ Top quality prints on all sides with mat or glossy lamination
- ➡ Exceptional durability
- ➡ Waterproof (interior & exterior)
- ➡ Long, short or double handle
- ➡ Optional Extra : closure with Velcro-Snap-Zipper etc, bottle case, hard bottom base, etc.

Reusable shopping bags

“Value for money choice”

Handy promotional handbags suitable for conferences, exhibitions, retail stores, fashion stores, catering businesses, department stores and much more ..

- Value for money
- Lightweight, slightly breathable material
- Semi waterproofing
- Long, short or double handle
- Optional Extra : closure with Velcro-Snap-Zipper etc, bottle case, hard bottom base, etc.

Reusable shopping bags

“I used to be a plastic bottle”

Made from recycling, known to everyone, bottles of water - soft drinks, after use. Rightly, therefore, retains the title of the bag with the strongest ecological message.

Unique combination of soft material and soft texture, with particularly good resistance to everyday use

- ➡ Made out of 100% recycled plastic material pet bottle
- ➡ Strong Ecological Message
- ➡ Ability to print on all sides
- ➡ Long, short or double handle and other extras

Reusable shopping bags

“Pure cotton! One life time choice”

The well-known and beloved cotton bag, which finds it's place everywhere, in a completely natural way.

- One life time choice
- Made out of 100% pure cotton textile
- Washable
- Available in 120/140/200/220/280 gsm
- In natural or any other color of your choice
- Εκτύπωση μεμονωμένων χρωμάτων αλλά και φωτογραφίας
- Long and short handle or cross body belt
- Optionally with bottom gusset up to 15cm.

Reusable shopping bags

“The Pioneer”

Highly ecological bag, from the most innovative material.

Made entirely of PAPER (50% raw + 50% recycable material), which is reinforced with high strength Cotton thread!

A revolutionary combination that brings together the classic paper shopping bag with strikingly high durability weight transfer (over 15kg of dry cargo).

REBAGS is the first company to launch in the Greek market this innovative bag, ONLY 100% natural materials (paper & cotton).

+ NATURAL Cotton

Reusable shopping bags

“100% natural material”

Made entirely of Jute fibers

Available in mainly natural color

Due to the sparse weaving and the relief of the surface, has limited printing capabilities

♥ 100% ♥
 natural

Reusable shopping bags

“Always together, Never apart”

Practical foldable reusable bags,
Made of thin, waterproof polyester material, with high strength.

They are very thin and light,
to fold easily, with minimal effort, into their special case.
They fit easily everywhere (in the bag etc). They are available in many color shades.

- Foldable handbag that fits everywhere
- Washable
- Ability to print on the bag and the case
- Cases in various shapes

Reusable shopping bags

“Always Fresh”

The new reusable grocery bags, is at that time the most ecological way of carrying and maintenance for the fruits and vegetables we buy from the Super Market or any other grocery shop. They have a great weight resistance and they can be used again and again, hundreds of times, literally saving the environment from using and throwing away millions of the single classic plastic bags. As a conclusion at this time are considered as the most environmental friendly way of grocery shopping.

- High air-circulation for long-lasting freshness
- High weight resistance
- High quality for long time using
- Machine washable
- Very light material. Almost zero affection on the total weight of the products during the weighing at the Super Market.
- Absolutely customised according to your preferences as far it concerns the material, size etc.
- Available in: Polyester / R-PET / 100% cotton
